SENATOR GOODRICH: OK, one more question Senator Kremer. What's your opinion as to whether we should go ahead and adopt this particular Marvel amendment? I don't really see anything wrong with it myself.

SENATOR KREMER: I can see nothing wrong. I'll support the Marvel amendment. I can see nothing wrong by putting his amendment on, then I'm going to ask that it be held in its present position.

SENATOR GOODRICH: Thank you.

PRESIDENT: Senator Marvel, there are other lights but go ahead.

SENATOR MARVEL: No, I was going to move that the amendment be adopted. That's all.

PRESIDENT: Senator Frank Lewis.

SENATOR F. LEWIS: I just have a couple of questions for Senator Marvel on this particular amendment. Senator Marvel, what this would do would be to make sure there's not satelliting of community technical schools. Is that your thrust?

SENATOR MARVEL: Yes sir.

SENATOR F. LEWIS: That would have little or no affect on the metro area? Is that correct?

SENATOR MARVEL: I don't think so. I don't think it would have any effect. It's not meant to anyway.

SENATOR F. LEWIS: OK, fine, thank you.

PRESIDENT: Do you care to close debate, Senator Marvel?

SENATOR MARVEL: No, no. I think it's been explained. In deference to time and other amendments I waive closing.

PRESIDENT: Alright. The question is the adoption of this amendment of Senator Marvel's. Record your vote. Have you voted? Record.

CLERK: 26 ayes, Mr. President.

PRESIDENT: The amendment is adopted.

CLERK: Mr. President, the next amendment is offered by Senator Warner.

PRESIDENT: Senator Goodrich, for what purpose do you rise?

SENATOR GOODRICH: To move that we bracket this bill right now, right here.

PRESIDENT: The question is shall the bill be bracketed. Record. Record.
